

## Recreation Funding Information

The Steinbach Aquatic Centre accepts funding from KidSport and Jumpstart programs.

To assist with your funding approval and subsequent registration in aquatic programs we ask that you do the following:

1. Apply for funding **well in advance** of when you will need it. It can take up to 3 months to get approval (i.e. If you are planning to register for lessons in the spring, you should apply for funding in January).
2. **Once you have received confirmation that you have received funding, please forward the confirmation to: [jhansen@steinbach.ca](mailto:jhansen@steinbach.ca)**
3. We will then credit your account with the amount of the funding so that you can use this to register your kids in our programs during our online registration.

If we don't receive confirmation of funding, you will be required to pay the full amount at time of registration.

Please call 204-346-6520 if you have questions regarding funding.
