8am

**Online only**

## Things to Do Before Registration Day

If you have not already done so, please register for your online account in our new software at [steinbach.perfectmind.com](http://steinbach.perfectmind.com)

- Determine what level your child should be in by:
  - Checking your children's online accounts for the most recent outcomes.
  - Looking information up on the last Progress Card that your child received.
  - Calling customer service at 204-346-6207. We will be happy to look this up for you and answer any questions you may have.
  - Or, if it has been a while since you last registered, and you think your child is beyond the level last taken, bringing your child in for a free evaluation during any Public Swim time before registration day. One of our deck supervisors will explain the results and recommend the appropriate level for your child.
- Review the list of available classes and have a few options chosen in the event your first choice is not available. The most up to date schedule information can be viewed at [steinbach.perfectmind.com](http://steinbach.perfectmind.com).

## Kidsport and Jumpstart Funding

The Steinbach Aquatic Centre accepts funding from KidSport and Jumpstart. To assist with your funding approval and subsequent registration in aquatic programs we ask that you do the following:

- Apply for funding well in advance of when you will need it. It can take up to 3 months to get approval (i.e. If you are planning to register for lessons in the spring, you should apply for funding in January).
- Once you have received confirmation that you have received funding, please forward the confirmation to: [jhansen@steinbach.ca](mailto:jhansen@steinbach.ca)
- We will then credit your account with the amount of the funding so that you can use this to register your kids in our programs during our online registration.

If we don't receive confirmation of funding, you will be required to pay the full amount at time of registration.

Please call 204-346-6520 if you have questions regarding funding.
