

# HOW TO PLACE YOUR CART

PLEASE HAVE YOUR CART AT THE STREET BY 8AM

## 1 PLACE IT

Place the cart on the driveway within 6 in. of the curb or the edge of the road.

## 2 POINT IT

Point the cart front to the street, so that the words, RECYCLING ONLY, face the street.

## 3 SPACE IT

Allow 3 ft (1 metre) clearance on both sides of the cart, and ensure nothing is blocking it from being lifted.

## 4 RETURN IT

Take your cart back onto your property by the end of collection day.

## "Why was my cart not picked up?"

If your recycling was not collected, here are some possible reasons why.

- Cart was not placed in time
- Cart placed too far from the curb
- Cart faced the wrong way
- Not enough space around the cart, or the cart was blocked
- Overfilled cart (the lid cannot close) or items were on top or beside the cart
- Cart was too heavy
- Non-recyclable items were in the cart

If none of these reasons explain why your cart was not emptied, please contact Bristol Hauling below.

## AN UPDATE TO YOUR RECYCLING COLLECTION SERVICES

### WHAT'S CHANGING

The City of Steinbach is implementing a **new automated cart-based system** for residential recycling collection.

## WHAT IS AN AUTOMATED CART-BASED SYSTEM?

This new system involves the use of a recycling collection truck with mechanical arms that will pick up and tip the contents of a cart into the truck for clean, quick and easy recycling collection service.

## WHY THE CHANGE?

The City of Steinbach's current residential recycling collection service contract is expiring. Through a public tender process, the City has awarded its next recycling contract to Bristol Hauling.

## "What does this mean for me?"

- Residences with curbside pick-up will receive (1) City of Steinbach recycling cart a week before the service switch.
- Residences with curbside pick-up will be switched to automated cart-based recycling collection services starting December 8, 2022.
- The Garbage & Recycling Collection Schedule will remain the same.

Carts are the property of the City of Steinbach and must remain with the property.

Residents can request an additional cart be added to their property and serviced for a fee of \$120 per cart per year. Please contact Krystal Hiebert, Landfill Administrator, for more info.

# HOW TO PLACE RECYCLING IN YOUR CART

ALL ITEMS ARE TO BE PLACED LOOSELY IN THE CART.  
PLEASE DO NOT USE RECYCLING BAGS.

## ACCEPTABLE ITEMS

- PLASTIC: numbered #1, #2, #3, #4, #7
- METAL: aluminum cans
- GLASS: bottles and jars
- PAPER/CARTONS: newspapers, magazines, printed paper, milk/food cartons, flattened cardboard

## UNACCEPTABLE ITEMS

- items that are wet or covered in food
- napkins and paper towels
- textiles
- #6 plastics
- personal hygiene products
- ceramics, glassware and houseware
- hazardous waste, sharps and electronics
- home and construction waste
- organic, kitchen, yard or animal waste

## ABOUT THE CARTS

Each cart will have a set of letters or numbers at the front, corresponding with the property it is on.

Write your cart number below for reference.

.....

Residents are responsible for keeping their cart clean and secure. If a cart is damaged, residents will be responsible for replacement costs.

You must store the cart on your property between collections.

## BE CART SMART

- Do not overfill the cart, and keep the lid closed; open lids and overfilled carts will not be emptied.
- Do not leave items on top of or around your cart.
- Do not allow children to sit in, climb or play with the cart.
- In the Winter, clear the snow and ice off your cart as soon as possible, and ensure that when placing it around snowbanks that you are not blocking traffic.
- Place and face the cart the right way to avoid damage to your carts.
- Do not take the cart with you when you move; it stays with the property.
- If your cart is stolen, damaged, or lost, please contact Krystal Hiebert, Landfill Administrator, to make arrangements for a replacement cart.
