By-Law Reminders

Dandelions, Living with a Noxious Weed

To some this plant is a welcome sight, used to provide that first food for our bees, to make salads and wines, among other uses. To others however, it is a nuisance and property owners will work diligently to keep their yards free of this seemingly invasive plant.

Although we may have different views of the Dandelion, it is a noxious weed under the City of Steinbach By-Law 1663. For more information about Dandelions and for chemical and chemical-free options for controlling weeds visit Steinbach.ca.

Off-Road Vehicles

Warmer days are ahead, and with that, the City would like to remind residents that the operation of off-road vehicles are prohibited in the City of Steinbach (By-Law 961).
